Summary

Developer with a background in applied physics that powers strong problem-solving skills. Innovative, collaborative, and skilled at conflict resolution.

Technical Skills

React, Redux, Vue, Angular, JavaScript/Typescript (ES6), Python, R, HTML, CSS, Node.js, SQL, mongoDB

Projects

Planning
https://planning.worshipextreme.com/app | https://apps.apple.com/us/app/planning-by-we/id1586693784 |
https://play.google.com/store/apps/details?id=com.worshipextreme.planning&hl=en_US&gl=US
- Developed and maintained a hybrid Vue/Cordova app that allows religious leaders and musicians to plan events, schedule rehearsals, communicate with their organization, and share and listen to music.

Music Stand
https://apps.apple.com/us/app/music-stand-by-we/id1511797596 |
https://play.google.com/store/apps/details?id=com.worshipextreme.musicstand&hl=en_US&gl=US
- Developed and maintained new and existing features on an Angular/Cordova app that allows musicians to view, annotate, and edit chord sheets and sheet music on their mobile devices.

StumpAround
https://expo.io/@noahsylwester/StumpAround | https://github.com/NoahSylwester/StumpAroundAPI |
https://github.com/NoahSylwester/StumpAroundClient
- Developed entire frontend, most backend routing, database management for a React Native social media MERN app providing outdoor PNW information to hikers and explorers.
- Used React Native, expo, Node.js, express.js, mongoDB, mongoose, bcrypt.

Experience

Blue Circle Lab / Christian Copyright Licensing International   2020-2022
Frontend Developer II
- Developing and maintaining hybrid apps across a variety of platforms and frameworks, responding to user feedback with active updates and seeing active user base growth

Trilogy Education   2020
Substitute Instructor, Learning Assistant, and Substitute Teaching Assistant
- Engaged with full stack bootcamp students online and in person to provide support for specific technical topics and challenges, with an emphasis on JavaScript-based web development and Python-based data visualization

Noah Sylwester - Eugene, OR   2017-2019
Freelance Musician and Music Teacher
- Performed freelance classical oboe for Eugene churches and music organizations across Oregon, led students aged 12-18 through general and oboe-specific to improve musical and cognitive skills.

Education

Fullstack Web Development Bootcamp Certificate: University of Oregon, Portland   2020

Master of Music in Oboe Performance: University of Oregon, Eugene   2019
GPA 3.99

Bachelor of Music in Oboe Performance & Bachelor of Science in Applied Physics: University of Oregon, Eugene   2017
GPA 3.74
